Rich,

Below is the information provided by Dimitri Kesari's attorney, Jesse Binnall, with regard to email addresses and telephone numbers for use in our efforts to segregate potentially privileged information. These terms have been provided to the CART agent processing the computer/electronic evidence provided by Mr. Kesari. These terms will be run and any hits will be segregated and blocked from the view of the Case Agents prior to the Case Agents having access to the evidence. However, in the instance a potentially privileged document /communication is discovered that was not somehow captured by this process, the Case Agents will immediately stop review, "bookmark" the item in the computer review system, notify DOJ PIN and also notify the CART examiner so the potentially privileged item can be removed from the Case Agent's view.
